

# SA-P5R

## Flush Mount Installation

A new pipe-free installation method that's quick and easy!

SA-P5R steel mounting plates allow models with foam top ports to be attached directly to the ceiling without the need for flexible ducts.

### Features :

- ▶ Quick and easy installation thanks to a 16G galvanized metal template plate already drilled and installed under the drywall.
- ▶ Frees up the entire top of the wardrobe allowing shelves to be installed and used.
- ▶ Ultra quiet because air is distributed directly into the ceiling.
- ▶ Sturdy and safe since the unit is fixed to the ceiling structure.
- ▶ Can be used in wardrobes 23" deep and above.
- ▶ Fire protection (damper) is always required for combustible structures.

### Available for models :

- ▶ DNASALE115T-F
- ▶ DNSALE150T-F
- ▶ DNSAME115RT-F
